

#full-day summer kindergarten GALILEO SCHOOL 2023

# FAIRY TALE RIDE

LET'S GET EVERYONE  
MOVING THEIR BONES  
WE WILL PLAY AND  
PLAY TO OUR HEART'S CONTENT

How does #denná letná škôlka  
GALILEO SCHOOL work?

The weekly activities are related to a concrete story for children. Children will learn English vocabulary from a range of topics. The themes cover fields such as Science, History and Geography, supplemented by sports, arts and crafts activities.

Come with us  
to create a ladybug from  
a tomato or a fish from toasted  
bread. We will prepare a picnic  
snack and our own smoothie.  
Who wouldn't want to swim in  
slime or paint with balls? Every  
Friday we will have an extra  
entertainment program  
- a disco, a bubble show,  
or a bubble bath...

full-day summer kindergarten GALILEO SCHOOL

## Basic information:

The daily summer Kindergarten GALILEO SCHOOL is focused on the comprehensive child development in the form of games and creative activities. Our ambition is to create space for all the activities that children lack these days. We will play sports, we will talk a lot, we will play many board games, we will create, explore, and invent... all under supervision of experienced teachers, native speakers, and leisure time animators.

The daily summer Kindergarten GALILEO SCHOOL is intended for all children (not only for children of our Kindergarten) between the ages of 3 and 6.

**Dates:** July – August 2023, daily from 7.30 to 17.00.

**Cost per week:** 180,- € /week (36,- € /day Including tuition fee, all meals and drinks)

144,- € /first week (4 days)

Including tuition fee, all meals, teaching and learning materials.

**Location:** GALILEO SCHOOL, Dudvážska 6, Bratislava

1<sup>st</sup> week  
3.7.-7.7. 2023  
(5.7. public holiday)

## Inside Out

Let's talk in a different way... Someone is happy, someone is sad, someone likes to joke, and another one is serious... Every person is different. We will talk about emotions, how they control us and how we can control them. We will talk about colours and their language. Did you know that colours speak to us? We will talk about what is going on in our head and why we remember something and something not.

### WHAT WILL WE LEARN?

- How to control the anger
- We will learn to respect our friends and create new friendships
- We will make friendship bracelets
- We will dress in „our“ colours
- We will paint to the music
- Play colour dodge/chase

3<sup>rd</sup> week  
17.7.-21.7. 2023

## Little Builder - Bob The Builder

Just as Bob and Wendy solve construction problems and ask themselves if it can be fixed, we will build our own structures together with them. We will find out that even seemingly useless things and materials can be used for a game. We will learn to cooperate and share work and responsibility while working on larger projects. But most of all we will have fun and let our imagination run wild.

### WHAT WILL WE LEARN?

- How to make structures from recycled waste
- How to build from cardboard with using our own hands
- We will get to know different materials such as plaster, metal, paper, cardboard, glass, tin...
- We will build from Legos, blocks, from „Make do“ kits

2<sup>nd</sup> week  
10.7.-14.7. 2023

## Minuscule + everything about plants, trees and bushes

Each bug is unique. We will find out their names together. We will set out to the world of bugs. We will discover different kinds of insects and talk about their life. We will get familiar with the lifecycle of the main character – the ladybug. We will observe different insects with a magnifying glass and a microscope and we will name their body parts. We will learn how insects hunt, what do they eat, how do they move and protect themselves.

### WHAT WILL WE LEARN?

- How do insects prepare for winter.
- Why are insects useful.
- What do ladybugs eat.

4<sup>th</sup> week  
24.7.-28.7.2023

## Ice Age: Dawn of the Dinosaurs (all about dinosaurs, the passing of time and the calendar)

Together we will return to the time of dinosaurs. We will explore whether they could fly, swim or run. We will learn about herbivores and carnivores. We will also learn about plants and trees that grew in the past. We will play at scientists and find out, what is in the ground and how did the dinosaurs extinct. Sid, the ground sloth and his friends – Manny, the woolly mammoth and Diego, the saber-toothed cat will guide us through this adventure.

### WHAT WILL WE LEARN?

- Whether a ground sloth can be the parent of baby dinosaurs.
- Whether a plant can eat a woolly mammoth.
- What would happen if dinosaurs wouldn't become extinct.
- And whether dinosaurs could really meet people.
- What did dinosaurs eat.

5<sup>th</sup> week  
31.7.-4.8.2023

## Little scientist

The nature around us hides many secrets and we will try to reveal some mysteries together with the scientists. Together we will find answers to the frequently asked question - why? And we will find out how things work based on experiments and trials. We will explore, measure, weigh, but most importantly - we will have fun and learn a lot at the same time.

### WHAT WILL WE LEARN?

- How the experiment is done
- What happens to an egg soaked in vinegar
- How a rainbow is made
- How a volcano erupts
- We will visit the laboratory and use various laboratory aids

6<sup>th</sup> week  
7.8.-11.8.2023

## Sing and dance

(all about music, dance and animals)

We will have a lot of fun this week. We will sing, dance, play musical instruments and have a good time. We will learn the names of musical instruments and recognize their sounds. We won't get bored because a gorilla, a pig, an elephant, a mouse and a porcupine will keep us company. These animals will bring us to the kingdom of domestic, exotic, forest and arctic animals.

### WHAT WILL WE LEARN?

- Who will win the singing competition.
- Whether the elephant Meena overcomes her stage fright.
- What is your favourite musical instrument.

7<sup>th</sup> week  
14.8.-18.8.2023

## From a fairy tale to a fairy tale

Everyone knows the story of Little Red Riding Hood or Janko Hraško.

Everyone loves fairy tales and likes to listen to them. We will play a fairy tale and talk a little more about each of them. We will engage our imagination and creativity and transport ourselves to the magical world of fairy-tale creatures.

### WHAT WILL WE LEARN?

- Let's play a fairy tale
- We will rehearse the play
- We will get to know magic words
- We will cook a magic elixir
- We will create a costume

8<sup>th</sup> week  
21.8.-25.8.2023

## Sports - a key to healthy living - about the amazing human body

Healthy mind in a healthy body, or sports for health. What is hidden behind this sentence? We will reveal how the human body works, what is good for it and what is not. We will exercise together and observe how our muscles and bones work. We will play a lot of great movement games and discover those forgotten board and other child games.

### WHAT WILL WE LEARN?

- How to play football, dodge ball, chase, hide and seek
- How our muscles work
- How I can use them
- We will compete in the disciplines of the Summer Olympics

## SUMMER SCHOOL REGISTRATION

To register by email, the following personal data is requested:

- child's full name
- date of birth of a child
- child's address
- chosen week of a summer school

To communicate with the parent/guardian of a child, the school needs:

- parent's / guardian's full name
- permanent address
- email address
- telephone number (home, cell)
