My name's Tomáš and I personally really enjoyed this experience. I gained a lot of new memories experiences and even friends. The workplace was great, all of our colleagues were always friendly and helpful and we learned a lot from them. During our time in Germany, we visited many cities like Bonn and Düsseldorf, which were one of my favourite moments of this Erasmus. We also went to ballet, which I surprisingly really enjoyed, and visited many art galleries and history museums. The Bunk Hostel in Essen, which we were staying at, was always clean and the rooms was really nice. Our project manager Halid was always there for us even with the jokes and he made the experience much better. The collective of people which I spent time with here was amazing and I can't think of a better way this Erasmus could have gone.
